

# The One I Can't Live Without

Words and Music by Douglas Q. Hutchings

When I first met you I saw something in your eyes  
Looking back I know that it was love  
But the years went forward  
And we said a few goodbyes  
But my memory wouldn't let you go  
'Cause you were just a shoulder tap away

You're the one that I can't live without  
I know you're the one that I can't live without  
Like the bird needs the sky,  
So my life's your life  
You're the one that I can't live without

And now that I love you  
And see that you love me  
I can't wait to see what the world becomes  
For the first time in my life there's the possibility  
That my life will be more than what it was  
'Cause you were just a shoulder tap away

You're the one that I can't live without  
I know you're the one that I can't live without  
Like the bird needs the sky,  
So my life's your life  
You're the one that I can't live without

I can't wait to spend my life with you  
I can't wait to live my life with you  
I can't wait to celebrate love  
All the days of my life with you, with you

You're the one that I can't live without  
I know you're the one that I can't live without  
Like the bird needs the sky  
So my life's your life  
You're the one that I can't live without
